

REGIONAL HOSPICE

Making the Best of Every Day[®]

Custom Lenticular Tile

Displayed on our living wall in the lobby of the Center for Comfort Care & Healing, this 6" by 6" tile features a moving image and words that celebrate those we love.

Include a short quote, message of gratitude, or a memorial of a loved one along with an image of your choice.

We'll need a high-resolution color or black & white image (300 ppi) of your choosing. We will also need the sentiment you would like to be displayed. Keep in mind the more characters your copy includes, the smaller the font will be. You will receive a proof to sign off on before anything is set in stone.

Sentiment to include on tile:
