REGIONAL HOSPICE

2025-2026

Your generosity makes a profound difference for patients and families at the end of life. As a nonprofit, we rely on your support to provide compassionate, heart-centered hospice care and to ensure that no one is denied care because of an inability to pay. Last year alone, your support helped us cover approximately $1.8 million in essential care costs not covered by insurance, including care for those who could not afford it. Here's the impact you made possible.

TOP RANKED HOSPICE

Medicare quality surveys consistently rank Regional Hospice above national and state averages for quality of patient care as well as caregiver experience, including communication, respectful treatment, emotional & spiritual support, help with pain & symptoms, timely response, and willingness to recommend.

$314,271
spent on medications not covered by insurance
